#### Delaware State University

Delaware State University, located in Dover, will use the \$338,766 Historically Black Colleges and Universities Program grant to augment its continuing effort of improving the quality of life for low- and moderate-income residents in the Capitol Park community. Specific goals include the rehabilitation of at least two owner-occupied homes and one renter-occupied home over the next three years and to provide pre- and post-homeownership counseling to 10 Capitol Park residents per year. Other objectives are to identify viable business ideas that can be developed into micro-enterprises, develop essential business skills in marketing, management, record keeping, and finance, and to assist the Capitol Park Civic Association in computer training, tutoring, and after-school services for approximately 15 children per day.
